Notes for Tiffany Lee

Topic: Color Term
Creative Director: Jason Zhao
Designer/Developer: Tiffany Lee

Goal: provide a cohesive explanation on color terms and its linguistic theory

- Minimalistic design for style, use blocks to display entries, colors, etc.
- Home page - brief explanation of "color term"
- Nav bar - Home, linguistic concept, collection of color systems, sources
- Imagery/colors are diverse, so a black and white palette for all UI components will be sufficient
- Looked up few websites for inspiration/mood board
